

Industrially Contaminated Sites and Health Network

BASELINE INFORMATION ON INDUSTRIALLY CONTAMINATED SITES (ICS) IN COUNTRIES PARTICIPATING IN THE ACTION

Operational definition of ICS adopted by the Action:

“Areas hosting or having hosted industrial human activities which have produced or might produce, directly or indirectly (waste disposals), chemical contamination of soil, surface or ground-water, air, food-chain, resulting or being able to result in human health impacts”.

IDENTIFICATION OF ICS IN YOUR COUNTRY/REGION

BACKGROUND INFORMATION			
Country or region where data refer to:			
National/regional department reporting:			
Contact person reporting (name/surname):			
Position:			
Affiliation:			
E-mail address:			
REGISTER OF ICS IN YOUR COUNTRY/REGION			
Does a formal definition for ICS exist in your country/region?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
If yes, please provide definition and reference of the legal/formal document:			
Definition for ICS:			
Law/regulation or other formal document containing definitions for ICS:			
Does a register for ICS, as such, exist in your country/region?	<input type="checkbox"/> Yes, a national register	<input type="checkbox"/> Yes, registers are held locally by cities or counties, but not assembled nationally	<input type="checkbox"/> No
Do other less specific registries of CS exist, which include also ICS?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	

CHARACTERIZATION OF ICS IN YOUR COUNTRY/REGION			
Is the information on the geographical location of the ICS systematically recorded, and will such data be available to you?	<input type="checkbox"/> Yes, and available	<input type="checkbox"/> Yes, But not available	<input type="checkbox"/> No
Is there information on the type of polluting activities (e.g. type of industrial sources of contamination) taking place at each ICS in your country/region?	<input type="checkbox"/> Yes, for most or all ICS	<input type="checkbox"/> Yes, But only for some ICS	<input type="checkbox"/> No
HEALTH IMPACT ASSESSMENT OF ICS IN YOUR COUNTRY/REGION			
Has the impact on the population health living close to ICS ever been estimated? (not necessary systematically)	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
If yes, could you provide an estimation of the approximate number of ICS where the impact on health has been assessed?	<input type="checkbox"/> Yes, the number is:	<input type="checkbox"/> No	
If yes, are you able to look at any of the Health impact Assessment reports?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
RANKING OF ICS IN YOUR COUNTRY/REGION			
Have the ICSs been ever ranked based on their potential risk or degree of hazard?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
<p>If yes, could you provide a description of the ranking process or categories?</p> <p>If yes, how many sites are in the more severe category or categories?</p>			
<p>Comments/proposals:</p>
